Cost for the new turf is \$55K. Project to begin on 25th November. Because it is a community funded event GST cannot be claimed back but the it does mean we can get it started much sooner.

Oval to be closed for length of the project which may continue into early next year to allow turf to get established. Oval to be closed over Christmas period meaning KK cannot access the oval during that time.

Pip to do a presentation before November P&C meeting for all school community including discussion of 2020 possible class structures.

- d. **Treasurer's Report** – Craig as per his report
Note: Belinda & Craig to look into requirements for playground grant paperwork
Craig need auditor for accounts. Does not need accounting qualifications but cannot be on P&C Exec Committee. Could KK auditor or treasurer be used?
- 6. General Business**
- Pip to put together a wishlist for things the school might want/need in 2020 that the P&C might be able to help fund and also to help with 2020 P&C budget preparations.
 - Fundraiser – ticket sales have been established online, donations from businesses and community being received. Nick volunteered to be auctioneer/MC on the night

- Craig needs details of the tickets sold for the school disco so that the money can be transferred to the charity
- Missing Schools Project proposal from Nic. Proposal for Killara Public School to be a pilot project for launching robot to help children unable to attend school by allowing them to be part of the classroom. Pip suggest that each term that the school supports various charities and open up discussion to the community. The community, teachers & possibly P&C to could vote on who they want to support.
